Dear Sir:

On July 15, 2003, a personal interview was conducted with Examiner Hylton. During the interview, the prior art Japanese and U.S. Patent references cited in the February 28, 2003 Office Action were discussed, along with proposed claim amendments. Further, a sample container with the novel components identified in the claims was shown to the Examiner, as well as copies of industry awards received by Applicant regarding the new design. The Examiner indicated that the Amended claims appeared allowable, but that an updated search would be conducted upon receipt of a formal amendment.

Respectfully submitted,

SHERIDAN ROSS P.C.
